

Closing Date:	18 th June 2021
Job Title:	Electrical Project Engineer
Location:	Burton-On-Trent (Mobile)

An opportunity has arisen for an Electrical Project Engineer based in Marley Ltd.'s Operational Support department, implementing investment projects across five nationwide manufacturing sites.

The Electrical Project Engineer will deliver the infrastructure, automation and control elements of a wide variety of operational projects. In general terms the position is concerned with the electrical aspects of an installation, although the willingness to gain knowledge and appreciation of mechanical systems is essential.

The Electrical Project Engineer will be responsible for the complete project life cycle, including initial scope, detailed planning, execution and project handover. Feasibility studies will be conducted to provide accurate specifications, budgets and justification prior to capital application. Once projects are approved the job holder will control projects within the agreed programme and budget constraints, ensuring that the highest standards of health and safety compliance are adhered to at all times.

SKILLS & EXPERIENCE

A proven background in industrial electrical automation project management or installation. Proven working knowledge of areas of industrial automation and control, including Control panel design; Programming and optimisation of PLC's; Motion control systems; HMI's; SCADA, Networks; and Functional Safety Systems. Working knowledge of Microsoft Office applications.

Good written and verbal communication skills; Ability to analyse data presented both written and graphically; Ability to work as part of team and alone; Ability to work to strict programme deadlines.

Marley Ltd places the highest priority on employee safety and employees will be expected to work safely at all times, proactively contributing to the continued improvement in health and safety performance.

To apply for this position please send your CV and covering letter to careers@marley.co.uk

Recruitment Agencies: Marley does not accept any speculative approaches to present candidates for advertised vacancies.
